Journal of Allergy & Therapy

<http://omicsonline.org/jathome.php>

**ISSN:
2155-6121**

Allergy is a chaos and an ailment of the immune system often referred to as atopy. Journals under an Open Access category projects a comparatively new model for scholarly journal publishing that provides straight away, worldwide, barrier-free access to the full-text of all published articles.

Journal of Allergy & Therapy is an Open Access, peer-reviewed, online journal that addresses all clinical and molecular aspects of allergic disease and their therapies. This is fulfilled by the publication of timely reviews, case reports and research studies that furnish insights into the molecular and clinical basis of allergic disease with their therapies.

Journal of Allergy & Therapy is focused at reviewing all molecular and clinical aspects of human allergic disease and the therapies. The objective of the journal comprehends all aspects of the genetic, molecular and inflammatory aspects of allergy.

Journal of Allergy & Therapy functions as an educational resource for students of higher education and postdoctoral fellows who are interested in allergic and immunological disease and their therapies. Reviews of these articles will help clinicians to learn and share their experiences and understand the advances in this area.

International Focus

- OMICS Publishing Group is ardent to open access. We strongly believe that removing barriers to research published online will greatly aid progress in science and technology.

Peer Review

- 2-3 Weeks for complete specialists analysis

Rapid Publication

- Expert editorial assistance
- Bimonthly Publication
- Online Publication with in 2 days of acceptance

Indexing / Archiving

- All published articles are assigned to Digital Object Identifier (DOI) - CrossRef.
- All published articles are deposited in DOAJ and Google Scholar.
- Partial published articles are deposited in PubMed.
- All published articles are permanently archived and available at OMICS Publishing Group website in HTML, XML and PDF formats.
