Dermatology is the branch of medical science dealing with the skin, its diseases and their treatments. It is the one and only specialty with both medical and surgical aspects. Dermatologists are an important factor in the area of skin care that many people look for.

Journal of Clinical & Experimental Dermatology is an open access scientific journal in the area of dermatology, including dermato-pathology and mycology. This journal is specifically designed as a forum for discussing, evaluating and disseminating the latest information about dermatology and appearance medicine.

The main objective of Journal of Clinical & Experimental Dermatology is to provide dermatologists with current information about the diagnosis and treatment of skin diseases. The journal aims to promote rational therapy and disease management and to provide healthcare on the most day-to-day update, effective and safe treatment techniques of skin.

With various high prioritized and distinguished international editorial board, the Journal accents and stresses on a global approach to continuing medical education for physicians and other health care givers who are interested in various problems relating to the skin. Journal of Clinical & Experimental Dermatology includes international readership.

#### International Focus

- OMICS Publishing Group is ardent to open access. We strongly believe that removing barriers to research published online will greatly aid progress in science and technology.

#### Peer Review

- 2-3 Weeks for complete specialists analysis

#### Rapid Publication

- Expert editorial assistance
- Bymonthly Publication
- Online Publication within 2 days of acceptance

#### Indexing / Archiving

- All published articles are assigned to Digital Object Identifier (DOI) - CrossRef.
- All published articles are deposited in DOAJ and Google Scholar.
- Partial published articles are deposited in PubMed.
- All published articles are permanently archived and available at OMICS Publishing Group website in HTML, XML and PDF formats.

**Journal of Clinical & Experimental Dermatology - Open Access using online manuscript submission, review and tracking systems of Editorial Manager® for quality and quick review processing. Submit your manuscript at <http://www.editorialmanager.com/clinicalgroup>**
