Till date and even today nuclear reactors generate nearly one-fourth of the electricity world wide representing two-third of humanity and other nuclear applications are being integral to many aspects of the world's economy.

Journal of Nuclear Science & Power generation Technologies is an Open Access journal which provides an international platform for the communication of original research, ideas and developments in all areas of nuclear science and power generation technology. Its scope includes nuclear fuel reserves, fuel cycles and cost, design and optimization, conversion of energy sources, processing, recycling, environmental control, reactor physics, structural analysis, fuel management, future developments, fuels and their safety, computer technology, risk assessment, international safeguards, materials control and accounting, packaging and transportation.

The objectives of the Journal of Nuclear Science & Power generation Technologies are to establish an effective, vast and permanent way of communication between professionals, policy makers, government agencies, academic and research institutions concerned with nuclear science, energy and power technologies.

Journal of Nuclear Science & Power generation Technologies publishes high quality papers pertinent to nuclear energy and power generation technologies and closely related aspects of energy science, technology and engineering. The field is spreaded such that a wide range of characteristics is of interest to the readership. The readership includes the professionals, academics, researchers and policy makers.

**International Focus**

- OMICS Publishing Group is ardent to open access. We strongly believe that removing barriers to research published online will greatly aid progress in science and technology.

**Peer Review**

- 2-3 Weeks for complete specialists analysis

**Rapid Publication**

- Expert editorial assistance
- Bymonthly Publication
- Online Publication within 2 days of acceptance

**Indexing / Archiving**

- All published articles are assigned to Digital Object Identifier (DOI) - CrossRef.
- All published articles are deposited in DOAJ and Google Scholar.
- Partial published articles are deposited in PubMed.
- All published articles are permanently archived and available at OMICS Publishing Group website in HTML, XML and PDF formats.

*Journal of Nuclear Energy & Power Generation Technologies - Open Access using online manuscript submission, review and tracking systems of Editorial Manager® for quality and quick review processing. Submit your manuscript at <http://www.omicsonline.org/submission>*
