# Journal of Social & Economic Issues of Biotechnology

ISSN:

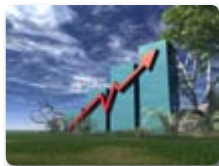

<http://omicsonline.org/jseibhome.php>

Biotechnology is the use of biological agents (microorganisms) to solve problems and to make or modify the products also involves the application of high-tech research for the developments in the field of medicine.

The Journal of Social and Economical Issues of Biotechnology is a peer-reviewed scientific journal, international in scope addresses the significant and practicable knowledge regarding the review articles and debates held about these issues suggest that more accents should be given globally to resolve such social and economical consequences.

The Journal of Social and Economical Issues of Biotechnology under Open Access Category outlines the possible economical and social benefits of new modern biotechnology along with the application of technology in various key areas as agricultural research policy, industrial development, production and marketing of food, consumer issues, and in agricultural research policies and involves in solving many controversial socioeconomic issues.

#### International Focus

- OMICS Publishing Group is ardent to open access. We strongly believe that removing barriers to research published online will greatly aid progress in science and technology.

#### Peer Review

- 2-3 Weeks for complete specialists analysis

#### Rapid Publication

- Expert editorial assistance
- Bymonthly Publication
- Online Publication within 2 days of acceptance

#### Indexing / Archiving

- All published articles are assigned to Digital Object Identifier (DOI) - CrossRef.
- All published articles are deposited in DOAJ and Google Scholar.
- Partial published articles are deposited in PubMed.
- All published articles are permanently archived and available at OMICS Publishing Group website in HTML, XML and PDF formats.

## Editors & Editorial Board

Mary Cloud B. Ammons, Montana State University, USA

Higgins, Paul J, Albany Medical College, USA

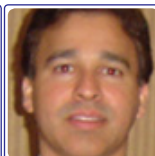

George Khushf, University of South Carolina, USA

Antonio Giordano, Jefferson Medical College Philadelphia, USA

Allen B. Reitz, Drexel University, USA

Raj Bawa, Bawa Biotechnology Consulting LLC, USA

Patrick Sai-Cheong Leung, Genome and Biomedical Science Facility, USA

Vladimir Mironov, Medical University of South Carolina, USA

Valeriy Lukyanenko, University of Maryland Biotechnology Institute, USA

Gelio Alves, National Library of Medicine, USA

M. Walid Qoronfleh, Pencader Dr Newark, USA

Kathleen Laura Hefferon, Trumansburg, USA

Michelle Lynn Cilia, USDA-ARS, USA

Kathleen M. Czupich, Pennsylvania Biotechnology Center, USA

Klaus von Grebmer, IFPRI-Washington, USA

*Journal of Social & Economical Issues of Biotechnology - Open Access using online manuscript submission, review and tracking systems of Editorial Manager® for quality and quick review processing. Submit your manuscript at <http://www.omicsonline.org/submission>*
