Journal of Veterinary Science & Technology

Open Access

www.omicsonline.org

Veterinary science supports human health through the careful monitoring of livestock, companion animal and wildlife health. Journal of Veterinary Science & Technology is consecrated to the advancement of scientific knowledge concerning veterinary sciences and related academic disciplines.

Journal of Veterinary Science & Technology is an Open Access journal, which publishes research articles and reviews articles in all areas of experimental and clinical research in veterinary science and technology. The emphasis will be on publishing quality papers rapidly and freely for researchers worldwide.

Journal of Veterinary Science & Technology publishes high quality and novelty papers focusing on animal life. Journal of Veterinary Science & Technology is aimed at scientists working in research institutes, universities, governmental institutions or non-governmental organizations, private firms and the pharmaceutical industry.

Journal of Veterinary Science & Technology - Open Access uses online manuscript submission, review and tracking systems for quality and quick review processing. Submit your manuscript at

<http://www.omicsonline.org/submission>
