

OMICS INTERNATIONAL

OMICS International through its Open Access Initiative is committed to make genuine and reliable contributions to the scientific community. OMICS International hosts over **700** leading-edge peer reviewed Open Access Journals and organizes over **1000** International Conferences annually all over the world. OMICS International journals have over **10 million** readers and the fame and success of the same can be attributed to the strong editorial board which contains over **50000** eminent personalities that ensure a rapid, quality and quick review process. OMICS International signed an agreement with more than **1000** International Societies to make healthcare information Open Access.

OMICS Journals are welcoming Submissions

OMICS International welcomes submissions that are original and technically so as to serve both the developing world and developed countries in the best possible way.

OMICS Journals are poised in excellence by publishing high quality research. OMICS International follows an Editorial Manager® System peer review process and boasts of a strong and active editorial board.

Editors and reviewers are experts in their field and provide anonymous, unbiased and detailed reviews of all submissions. The journal gives the options of multiple language translations for all the articles and all archived articles are available in HTML, XML, PDF and audio formats. Also, all the published articles are archived in repositories and indexing services like DOAJ, CAS, Google Scholar, Scientific Commons, Index Copernicus, EBSCO, HINARI and GALE.

Pediatrics & Therapeutics

Open Access

ISSN: 2161-0665

Editor

Pediatrics & Therapeutics

Daniel Yam Thiam Goh

Associate Professor

Department of Pediatrics

National University of Singapore

Singapore

Biography:

Daniel Goh was trained in paediatrics in Singapore and underwent subspecialty training in paediatric pulmonology and sleep at the Johns Hopkins Childrens Centre, USA. Goh was awarded the Young Investigators Award at the Singapore-Malaysian Congress of Medicine in 1994 for his research on allergen sensitisation to local air spora and indoor allergens. He is the Head of Paediatrics at the National University Hospital and he also heads the Division of Paediatric Pulmonary & Sleep at the National University Hospital, Singapore and is the Founding Chairman of the Childrens Asthma and Allergy Network, better known as the I CAN! programme (a comprehensive programme for the management of asthma and allergies in children).

He is the current President of the Asean Paediatric Federation and the Vice-President of the College of Paediatrics and Child Health, Singapore as well as the immediate past-president of the Singapore Paediatric Society. A/Prof Goh sits on multiple committees and advisory boards at institutional, regional and national level. He is also a reviewer for many regional and international peer-reviewed journals. He is a Fellow of the Royal College of Paediatrics and Child Health (UK) and Governor (of Singapore) of the American College of Chest Physicians and a Fellow of the College of Chest Physicians (USA).

Research Interest:

Childhood respiratory conditions including childhood asthma and allergies, sleep-related breathing disorders in children, paediatric bronchology and fiberoptic bronchoscopy as well as paediatric vaccinology.
