

# OMICS INTERNATIONAL

OMICS International through its Open Access Initiative is committed to make genuine and reliable contributions to the scientific community. OMICS International hosts over **700** leading-edge peer reviewed Open Access Journals and organizes over **1000** International Conferences annually all over the world. OMICS International journals have over **10 million** readers and the fame and success of the same can be attributed to the strong editorial board which contains over **50000** eminent personalities that ensure a rapid, quality and quick review process. OMICS International signed an agreement with more than **1000** International Societies to make healthcare information Open Access.

# OMICS Journals are welcoming Submissions

OMICS International welcomes submissions that are original and technically so as to serve both the developing world and developed countries in the best possible way.

OMICS Journals are poised in excellence by publishing high quality research. OMICS International follows an Editorial Manager® System peer review process and boasts of a strong and active editorial board.

Editors and reviewers are experts in their field and provide anonymous, unbiased and detailed reviews of all submissions. The journal gives the options of multiple language translations for all the articles and all archived articles are available in HTML, XML, PDF and audio formats. Also, all the published articles are archived in repositories and indexing services like DOAJ, CAS, Google Scholar, Scientific Commons, Index Copernicus, EBSCO, HINARI and GALE.

## *Biography:*

Professor Dawen Gao got his PhD (2003) and MPhil (2000) degrees from Harbin Institute of Technology, after receiving his BSc (1991) from Qiqihaer Normal College.

Then he worked as a postdoctoral research fellow at Department of Environmental Science and Engineering, Tsinghua University and as a visiting scholar at Department of Civil & Environmental Engineering, Stanford University. He was Associate Professor and Professor at School of Forestry, Northeast Forestry University from 2003 to 2007 and joined Harbin Institute of Technology as a professor from 2007.

The focus of his research and teaching has been in environmental science and engineering, and the control of environmental contaminations. He won a few awards, including 2 Heilongjiang Province Science & Technology Awards (2008, 2011), Heilongjiang Province Excellent Youth Award (2005), New Century Excellent Talent Award (2005), and China Excellent Doctoral Thesis Award (2005).

He has published two books and more than 100 papers.
