

# Dr Hari Srinivasan

Associate Professor , Department of Pediatrics,  
Rosalind Franklin University

Attending Neonatologist, Sinai Children's Hospital,  
Chicago.

# Research Interests

- Health care delivery in underserved populations
- Neonatal hyperbilirubinemia
- Lung injury in preterm infants

# Funded Projects

- Principal investigator for LAND (Life Around Newborn Discharge) study at Mount Sinai Hospital.
- Principal investigator for feasibility study to adapt Sonamed airwave sensor for use in neonates.

# Teaching and Training

- Actively involved in teaching medical students and pediatric residents at Mount Sinai Hospital, Chicago.
- Hospital based NRP instructor since 1999.

# Peer reviewed publications
