

OMICS International

OMICS International through its Open Access Initiative is committed to make genuine and reliable contributions to the scientific community. OMICS International hosts over **400** leading-edge peer reviewed Open Access Journals and organizes over **300** International Conferences annually all over the world. OMICS Publishing Group journals have over **3 million** readers and the fame and success of the same can be attributed to the strong editorial board which contains over **30000** eminent personalities that ensure a rapid, quality and quick review process. OMICS International signed an agreement with more than **1000** International Societies to make healthcare information Open Access.

OMICS Journals are welcoming Submissions

OMICS International welcomes submissions that are original and technically so as to serve both the developing world and developed countries in the best possible way. OMICS Journals are poised in excellence by publishing high quality research. OMICS International follows an Editorial Manager® System peer review process and boasts of a strong and active editorial board.

Editors and reviewers are experts in their field and provide anonymous, unbiased and detailed reviews of all submissions.

The journal gives the options of multiple language translations for all the articles and all archived articles are available in HTML, XML, PDF and audio formats. Also, all the published articles are archived in repositories and indexing services like DOAJ, CAS, Google Scholar, Scientific Commons, Index Copernicus, EBSCO, HINARI and GALE.

Editorial Board Member

Dr. Omar El Meligy
Pediatric Dentistry Department, Faculty of
Dentistry, King Abdulaziz University,
Jeddah, Saudi Arabia.
Pediatric and Community Dentistry Dept.,
Faculty of Dentistry, Alexandria University,
Champollion Str., Azarita, Alexandria,
Egypt.

Biography: My name is Dr. Omar El Meligy, I am a Professor of Pediatric Dentistry at King Abdulaziz and Alexandria Universities. I received my B.D.S. (1990), M. Sc. (1995) and Ph. D. (2001) from Alexandria University, Egypt and became a Lecturer of Pediatric Dentistry at Alexandria University. I was a Research Scholar in School of Dentistry, Indiana University, USA from 1998 till 2000. After my three-year career as a lecturer at the Faculty of Dentistry, Alexandria University, I moved to Jeddah, Saudi Arabia, where I was offered a position at King Abdulaziz University. In addition to teaching, treating patients and conducting research, I am a contributor in the books Principles of Pediatric Dentistry, Pulpal Response Following Pulpotomy and Evaluation of two resin materials used for primary molars restoration. Currently I reside in Jeddah, Saudi Arabia. I can be contacted at <http://omeligy.kau.edu.sa>

Research Interest

- Pediatric and Community Dentistry
- oral health and hygiene
