

# OMICS Journals are welcoming Submissions

OMICS International welcomes submissions that are original and technically so as to serve both the developing world and developed countries in the best possible way.

OMICS Journals are poised in excellence by publishing high quality research. OMICS International follows an Editorial Manager® System peer review process and boasts of a strong and active editorial board.

Editors and reviewers are experts in their field and provide anonymous, unbiased and detailed reviews of all submissions. The journal gives the options of multiple language translations for all the articles and all archived articles are available in HTML, XML, PDF and audio formats. Also, all the published articles are archived in repositories and indexing services like DOAJ, CAS, Google Scholar, Scientific Commons, Index Copernicus, EBSCO, HINARI and GALE.

**Maria Karra**

Technical Translator and Editor

USA

## BIOGRAPHY

Maria Karra holds a Bachelor's degree in engineering physics (Embry-Riddle Aeronautical University, 1998), a Master's degree in electrical engineering (Boston University, 2000), a Master's degree in applied linguistics (Macquarie University, 2003), as well as graduate certificates in translation (University of Manitoba, 2000) and medical interpreting (University of Massachusetts at Amherst, 2012). She currently works as a translator and editor in various fields of engineering. In addition to her translation and editing work, she has eleven years of experience in spacecraft instrumentation testing and software quality engineering. Maria Karra is a founding member of the International Association of Professional Translators and Interpreters (IAPTI) and president of its Ethics Committee, as well as a senior member of the American Institute of Aeronautics and Astronautics (AIAA).
