

OMICS INTERNATIONAL

OMICS International through its Open Access Initiative is committed to make genuine and reliable contributions to the scientific community. OMICS International hosts over **700** leading-edge peer reviewed Open Access Journals and organizes over **1000** International Conferences annually all over the world. OMICS International journals have over **10 million** readers and the fame and success of the same can be attributed to the strong editorial board which contains over **50000** eminent personalities that ensure a rapid, quality and quick review process. OMICS International signed an agreement with more than **1000** International Societies to make healthcare information Open Access.

OMICS Journals are welcoming Submissions

OMICS International welcomes submissions that are original and technically so as to serve both the developing world and developed countries in the best possible way.

OMICS Journals are poised in excellence by publishing high quality research. OMICS International follows an Editorial Manager® System peer review process and boasts of a strong and active editorial board.

Editors and reviewers are experts in their field and provide anonymous, unbiased and detailed reviews of all submissions. The journal gives the options of multiple language translations for all the articles and all archived articles are available in HTML, XML, PDF and audio formats. Also, all the published articles are archived in repositories and indexing services like DOAJ, CAS, Google Scholar, Scientific Commons, Index Copernicus, EBSCO, HINARI and GALE.

Pediatrics & Therapeutics

Open Access

ISSN: 2161-0665

Editor *Pediatrics & Therapeutics*

Nancy Smith Searle
Associate Professor
Department of Pediatrics
Baylor College of Medicine
USA

Biography:

Dr. Nancy Searle received her doctorate in curriculum and instruction, science education, from the University of Houston and a bachelor's degree in history from Armstrong State College (now Armstrong Atlantic State University) in Savannah, Ga. Dr. Searle is currently an associate professor at Baylor College of Medicine in the departments of pediatrics and internal medicine where she is director of the Academy of Distinguished Educators and director of faculty development and recognition.

Research Interest:

Dr. Searle's research interests include the impact of faculty development activities on the degree to which participants become educational change agents for their departments and/or their institution as a whole, and on the teaching, evaluation, educational research, and overall educational scholarship skills of faculty development participants.
