

OMICS INTERNATIONAL

OMICS International through its Open Access Initiative is committed to make genuine and reliable contributions to the scientific community. OMICS International hosts over **700** leading-edge peer reviewed Open Access Journals and organizes over **1000** International Conferences annually all over the world. OMICS International journals have over **10 million** readers and the fame and success of the same can be attributed to the strong editorial board which contains over **50000** eminent personalities that ensure a rapid, quality and quick review process. OMICS International signed an agreement with more than **1000** International Societies to make healthcare information Open Access.

OMICS Journals are welcoming Submissions

OMICS International welcomes submissions that are original and technically so as to serve both the developing world and developed countries in the best possible way.

OMICS Journals are poised in excellence by publishing high quality research. OMICS International follows an Editorial Manager® System peer review process and boasts of a strong and active editorial board.

Editors and reviewers are experts in their field and provide anonymous, unbiased and detailed reviews of all submissions. The journal gives the options of multiple language translations for all the articles and all archived articles are available in HTML, XML, PDF and audio formats. Also, all the published articles are archived in repositories and indexing services like DOAJ, CAS, Google Scholar, Scientific Commons, Index Copernicus, EBSCO, HINARI and GALE.

Pediatrics & Therapeutics

Open Access

ISSN: 2161-0665

Editor *Pediatrics & Therapeutics*

Sharon Levy

Department of Pediatrics
Harvard Medical School
USA

Biography:

Sharon Levy, MD, MPH is a board certified Developmental-Behavioral Pediatrician and an Assistant Professor of Pediatrics at Harvard Medical School; she also has a Master's degree in Public Health from the Harvard School of Public Health. She is the Director of the Adolescent Substance Abuse Program at Childrens Hospital Boston, where she has evaluated and treated hundreds of adolescents with substance use disorders, using developmentally appropriate, family-oriented, scientifically-based strategies. She has published extensively on the outpatient management of substance use disorders in adolescents, including screening and brief advice in primary care, the use of drug testing and the outpatient management of opioid dependent adolescents. Dr. Levy is also a researcher in the Division of Developmental Medicine at Childrens Hospital Boston. Her current project is to estimate the efficacy of random urine drug testing as a therapeutic tool. She is also a member of the American Academy of Pediatrics Committee on Substance Abuse and helps guide policy through this venue.
