To,
National Library of Medicine
Building 38A - Room 4N-419
8600 Rockville Pike
Bethesda, MD U.S.A. 20894

Dear Sir/Madam,

As a member of the Editorial board of the *Journal of Pharmacogenomics and Pharmacoproteomics*, I give my consent to the journal to disclose my affiliation to it and contact information. I do not have any conflict of interest, which would interfere with this important service to the science, medicine, and technology communities.

I strongly recommend this journal to be indexed in PubMed Central. The staff and editorial board members of the journal have worked extremely hard to establish the journals high professional standing by publishing high quality and valuable scientific manuscripts.

Sincerely,

Anil S Modak, PhD
Associate Director,
Medical products research and development
