

July 10, 2013

Dear Sir or Madam

I am writing to recommend the Journal "Advances in Pharmacoepidemiology and Drug Safety" to be indexed in PubMed. "Advances in Pharmacoepidemiology and Drug Safety" is the science concerned with the benefit and risk of drugs used in populations and the analysis of the outcome of drug therapies, started its publication from 2012. Since the journal is an Open Access journal, all the published articles, case reports, short communications, etc. in all areas of the field are able to be freely available without any restrictions or any other subscriptions to researchers worldwide usually through the internet. All the published articles are assigned DOI provided by CrossRef. Advances in Pharmacoepidemiology and Drug Safety will keep up to date with latest advances in the field and papers published in Advances in Pharmacoepidemiology and Drug Safety will reach the readers directly by email for free of cost. Thus, all the articles published in Advances in Pharmacoepidemiology and Drug Safety are able to be freely accessible to everyone immediately after publication.

Therefore, I strongly recommend this journal "Advances in Pharmacoepidemiology and Drug Safety" to be indexed in PubMed. I have no doubts all the researchers and scientists will be pleased if the journal "Advances in Pharmacoepidemiology and Drug Safety" to be indexed in PubMed. If you have any questions, please feel free to contact me at the address below.

Sincerely,

Eriko Kobayashi

Assistant Professor
