Dear Sirs

I hereby express my great interest in continued service in Journal of Business & Financial Affairs as an Editor. I further give my consent to disclose by the Journal my affiliation and contact information. I do not have any conflict of interest, which would interfere with this important service for science, medicine, and technology communities.

The journal of Business and Financial Affairs has brought together a diversity of disciplines around a focused themes of business and financial. To this end, it has disseminated cross-disciplinary best practice underpinned by the state-of-the-art research that is based on innovative approaches to research methodology. The success of the journal in promoting high impact rigorous research is also due to the wisdom and hard work of the editorial board members and the journal staff, guided by the Editorial management. In my view the journal is of high professional standing and it is appropriate that it is indexed in the indexing platforms.

I strongly recommend this journal to be indexed in Cabell's Directories. Journal staff and editorial board members have worked very hard for the journal to establish its high professional standing.

Yours sincerely

Farzad Khosrowshahi
