All the Editorial Board Members have been working diligently to maintain transparent and high standard peer review, which ensure high quality and speedy publication in the journal. The journal has been contributing significantly to the study of **experimental nutrition and various sub disciplines of food science**, and will continue to exert sustained impact to the progress of the field.

I hereby express my great interest in continued service in Journal of Nutrition & Food Sciences as an Editor (or) Author (or) Reviewer. I further give my consent to disclose by the Journal my affiliation and contact information. I do not have any conflict of interest, which would interfere with this important service for science, medicine, and technology communities.
