To Whom It May Concern:

It is with immense pride that I write this recommendation letter for the inclusion of the "Journal of Genetic Syndromes and Gene Therapy (JGSGT) to be indexed with PubMed. As a contributor and as an editor I take great care and bear scientific responsibility to impart high standards to this journal. The editorial board members and journal staff have worked very hard for the journal to establish its high professional standing and there by recommending this journal to be indexed in PubMed. We look forward to your positive response. Thanking you kindly.

Yours sincerely,

*K. V. Venkatachalam July 19/2013*
