Dear Office/Editor of the National Library of Medicine,

**Re: Recommendation Letter for the Journal of Alternative & Integrative
Medicine to be Indexed in PubMed**

My name is Kevin Yap and I am a clinician-scientist at the Department of Pharmacy, National University of Singapore and Academic Informatics Office, National University Health System. I have published over 50 journal publications and presented at over 40 international conferences. In addition, I was awarded the Young Investigator Award 2011 by the Multinational Association of Supportive Care in Cancer. I am currently one of the members of the editorial board of the Journal of Alternative & Integrative Medicine (AIM). The editorial board members and journal staff have worked very hard for the journal to establish its high professional standing and there by recommending this journal to be indexed in PubMed. I hope the editors of the National Library of Medicine will consider this journal to be indexed in your esteemed database platform.

Warmest regards,

Kevin Yap, PhD, SRPharmS
Department of Pharmacy, National University of Singapore
