National Library of Medicine
Building 38A – Room 4N-419
8600 Rockville Pike
Bethesda, MD 20894

Dear Sir,

Please allow to express my interest and intent to continue my service as an Editor of the *Journal of Brain Disorders & Therapy*. I further give my consent for the Journal to disclose my affiliation and contact information.

I do not have any conflicts of interest which would interfere with this important service for the scientific, medical, and technological communities.

I strongly recommend that the *Journal of Brain Disorders & Therapy* be indexed in PubMed Central. This unique Open Access journal has become an excellent source of information related to brain disorders and treatment, with many subscribers around the world. The journal staff, authors, and editorial board members have worked very hard to establish this journal as a publication with a high professional standing and thereby I recommend this journal to be indexed in PubMed.

Best Regards,

Michael F. Waters, M.D.,Ph.D.
Assistant Professor of Neurology and Neuroscience
Chief, Neurovascular Division
Director, University of Florida Stroke Program
Associate Medical Director NeuroICU
