I hereby express my great interest in continuing to serve *Translational Medicine* as Author and Reviewer. I further give my consent to disclose by the Journal my affiliation and contact information.

I do not have any conflict of interest, which would interfere with this important service for science, medicine and technology communities.

I strongly recommend *Translational Medicine* to be indexed in PubMed Central. This unique Open Access journal has become an excellent source of information related to clinical research and practice with many subscribers all throughout the world. We also appreciate the dedication and hard work of the Editor in chief, Editorial Board members and Journal staffs who have work hard to establish that the highest quality and professional standards are upheld consistently.

Please feel free to contact me if you have any further questions.

Thank you.

Best wishes,
