Dear Sirs,

I strongly recommend the **Journal of Cancer Science & Therapy** to be indexed in your esteemed database PubMed. Journal of Cancer Science & Therapy is constantly improving and is running ahead with better and many quality publications. The editorial board members and journal staff have worked very hard for the journal to establish its high professional standing. So let me stress the importance of the journal inclusion in this scientific database. Thank you for your assistance and help.

Best regards

Yours sincerely

Prof. dr. sc. Nives Pećina-Šlaus
