Subject- Indexing the “*Journal of Pancreatic Disorders and Therapy*” in
PubMed Central.

Sir,

I would like to strongly recommend the inclusion of the “Journal of Pancreatic disorders and therapy” in Pubmed Central. The journal staff and the editorial board have worked hard for the journal to establish its high professional standing. Importantly, there are few surgical journals that deal with pancreatic disorders and this journal would go a long way in contributing to the knowledge of several pancreatic disorders to the viewers.

I hope you would consider this request favourably

Norman Machado
