I hereby express my great interest in continued service in Journal of Cell Science & Therapy as Editor. I further give my consent to disclose by the Journal my affiliation and contact information.

I do not have any conflict of interest, which would interfere with this important service for science, medicine and technology communities.

I strongly recommend *Journal of cell Science & Therapy* to be indexed in PubMed Central. This unique Open Access journal has become a very good source of information related to cell science and related therapies with many subscribers all throughout the world. We also appreciate the Editor in chief and other Editorial Board members and Journal staffs have input hard works to establish its high professional standing. All the editorial board members and journal staff have worked very hard for the journal to establish its high professional standing and there by recommending this journal to be indexed in PubMed

Please let me know if you have any questions.

Thanks,
