RE: indexing the Journal of Clinical & Experimental Cardiology in PubMed

Dear Sir and Madame,

I am writing in my capacity of Assistant Professor in "G. D'Annunzio" University in Chieti, Italy and visiting Research Scientist of Texas Heart Institute – Houston, TX. As editorial board member of the Journal of Clinical & Experimental Cardiology, I would express my strong recommendation for indexing the above journal in PubMed.

Editorial board members and journal staff have worked very hard for the journal to establish its high professional standing and therefore they wish to give the strongest support toward this achievement. Please feel free to contact me with any further questions regarding this matter.

Sincerely yours,

Rosalinda Madonna, MD PhD
