I am sending my recommendation for incorporating of EM into PMC through gmail.
 I strongly recommend the Emergency Medicine: Open Access to be indexed in PubMed Central. The Journal staff and editorial board members have worked very hard for the journal to establish its high professional standing."

Dear Dr. Sarkar S,
 Warmest greetings from the Emergency Medicine: Open Access!

Thanks for your continuous support and contributions towards the journal. Hope you are well aware about our regular release of issues and the quality of manuscripts that we have published so far. As we are planning to submit our journal for indexing in PMC, we would like to request you to send us a recommendation letter insisting upon indexing of our journal in PMC, which would be mutually beneficial for our authors and in turn for the development of the journal.
