To Whom It May Concern:

Per our authors' request, I would like the literature selection technical review committee to recommend the Journal of Clinical Toxicology for indexing.

The most important reasons for our request are: 1) some of our authors are financially supported by various federal and private agencies including NIH, AHA, NSF, and different pharmaceutical companies in the USA. Most importantly, 2) our authors are from reputable universities.

As editor and author, I strongly recommend the Journal of Clinical Toxicology to be indexed in PubMed Central. The Journal staff and editorial board members have worked very hard for the journal to establish its high professional standing.

Thank you for your consideration of my request.

Sincerely,

Shariat-Madar Zia, MS, PhD
