

As an editorial board member, I believe that the Journal of Bioprocessing & Biotechniques delivers excellent material on all area of industrial bioprocessing and methodology. We have a wide range of world renowned scientists and academics covering topics on upstream, downstream, formulation, GMPs, QbD, PAT, method validation to name a few. We are definitely proud of our selection and know it will add much value to your platform. The editorial board members and journal staff have worked very hard for the journal to establish its high professional standing and there by recommending this journal to be indexed in indexing platform.

Some indexing platforms:

Biotechnology & Bioengineering

Journal of Vaccines

Biotechnology Progress

Journal of biochemistry

Journal of Biotechnology

Trends in Biotechnology
