To Whom It May Concern:

I am the Editor-in-Chief of the Journal of Nanomedicine & Biotherapeutic Discovery (JNBD). I am writing to affirm my commitment to continue to serve as the Editor-in-Chief of JNBD. I gave the journal my consent to disclose my affiliation with the journal, my biography and my contact information. I do not have any conflicts of interest or financial conflicts, that could interfere with or compromise this important service for science, medicine, and technology communities.

I recommend JNBD to be indexed in PubMed Central in strongest terms and without any reservations. Journal staff and editorial board members have worked very hard for the journal to establish its high professional standing. I look forward to a favorable disposition with much optimism.

Thank you very much for your kind consideration.

With my kindest regards,

*Fatih Uckun*
