

**Subject: Recommendation Letter for the Journal of Business and Financial Affairs to be Indexed in Cabell's Directories**

August 1<sup>st</sup>, 2013

To whom it may concern:

As an editor in the Journal of Business and Financial Affairs, I would like to commend the quality of its periodical publications designed to contribute to the development of scientific research in the business field. All articles are meticulously peer reviewed to meet the journal's standards of quality and scientific validity. I have personally witnessed on the details of many articles that have eminently marked the scientific record of Business, Finance and Economics disciplines. The published articles are so far widely read, used and cited. The scope of this journal tends to be technical in illustrating the latest experimental results in the field of Business. Scientific writing style is obligatory. In addition, the editorial board members and journal staff are continuously working hard and seriously for the journal to establish its high professional standing.

Based on the above, I highly recommend this journal to be indexed in Cabell's Directories.

Regards.

Viviane Y. Naimy, Ph.D.  
Professor of Finance
