Dear Sir/Madam:

I am writing to strongly support the Journal of Alternative & Integrative Medicine (AIM) to be indexed in PubMed. I am a scientist in the fields of epidemiology, preventive medicine, and alternative & integrative medicine, working in the Institute of Medicine and Public Health at Vanderbilt University Medical Center. I am also in the editorial board of Journal of AIM. Over the past decade, AIM use and research on AIM have significantly increased and thus, more scientific information in this field provided via PubMed is urgently needed. The editorial board members and journal staff have worked very hard for the journal to establish its high professional standing, and therefore I highly recommend this journal to be indexed in PubMed.

Sincerely,

A handwritten signature in black ink that reads 'Yong Cui'.
