# Journal of Microbial & Biochemical Technology

Open Access

Microbes are recognized for their diverse metabolic activity and ubiquitous presence, and unique strategies of survival under extreme conditions. Biochemical technology is to understand the enzymatic, protein and biochemical mechanisms of microbes. The Journal of Microbial & Biochemical Technology addresses the current research related to various aspects of microbial biochemical processes.

The Journal of Microbial & Biochemical Technology under open access category aims to advance our understanding of the Biochemical mechanisms of microbes and their use in current therapeutic purposes. The Journal of Microbial & Biochemical Technology is an international, peer-reviewed journal publishing an overview of Microbial technology and their applications to current diagnostic approaches towards dangerous diseases.

Journal of Microbial & Biochemical Technology explicates various aspects of microbiological principles and fundamental microbial processes and Latest Technologies in biochemical technology developed which quickly brings all the readers up to date with the state of the science in fast-moving areas of research. The Journal is promptly available, and is freely accessible globally through internet to share the innovations of the researchers for scholarly advancement in this field.

Journal of Microbial & Biochemical Technology - Open Access uses online manuscript submission, review and tracking systems for quality and quick review processing. Submit your manuscript at

<http://www.omicsonline.org/submission>

## Editors & Editorial Board

**Jeffrey L. Ram**  
Wayne State  
University, USA

**John Alverdy**  
University of Chicago  
USA

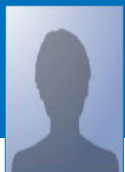

**Michael J. Benedik**  
Texas A&M University  
USA

**Channe D. Gowda**  
Pennsylvania State  
University, USA

**Yiqi Yang**  
Institute of  
Agriculture, USA

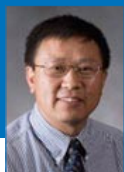

**Subrata Saha**  
SUNY Downstate  
Medical Center, USA

**Robert S Phillips**  
University of Georgia  
USA

**Thomas P. West**  
South Dakota State  
University, USA

**Chuanxue Hong**  
State University  
USA

**Shang-Tian Yang**  
Ohio State University  
USA

**Tingyue Gu**  
Ohio University  
USA

**Shou-Jiang**  
University of Texas  
USA

**Halil Hasar**  
Firat University  
Turkey

**Redouane Abouqal**  
University Mohamed  
V-Souissi, Morocco

**G. T. FOSGATE**  
University of Pretoria  
South Africa

**Cheori-Ho KIM**
