Pharmaceutical Science is a fast growing area of drug research in science which includes Drug discovery, Drug development and mapping their effects in animals and people to find remedy to particular disease. Pharmaceutical Technology, Pharmaceutics, Biopharmaceutics, Pharmacokinetics, Pharmaceutical/Medicinal Chemistry, Computational Chemistry and Molecular Drug Design, Pharmacognosy and Phytochemistry, Pharmacology, Pharmaceutical Analysis, Pharmacy Practice, Clinical and Hospital Pharmacy, Cell Biology, Genomics and Proteomics, Pharmacogenomics, Bioinformatics and Biotechnology of Pharmaceutical Interest etc come under Pharmaceutical Sciences.

Open Access intends to take away the barriers to disseminating research by making research freely accessible online, soon after publication. The journal, Journal of pharmaceutics & Drug Delivery Research (JPDDR) under open access category is a peer-reviewed journal, aims to provide the most complete and true source of information on “on-going” developments in the field. An additional benefit of an Open Access online journal is enormous cost savings for libraries and institutions in terms of the high subscription rates and archival of the old journals.

International Prospectives Dissemination and airing of the latest knowledge in Drug Research, Drug Development and their application to control & cure the disease. In the Journal, the accent and stress will be on publishing quality papers rapidly and freely available to public worldwide. The Journal, Journal of pharmaceutics & Drug Delivery Research (JPDDR) will comprehend all aspects of Pharmaceutical Sciences that have impact on drug research & drug development. It is a multidisciplinary journal that aims to keep scientists, clinicians, researchers, students and general public to know and to spread the latest research on drug discovery.

Journal of Pharmaceutics & Drug Delivery Research – Open Access using online manuscript submission, review and tracking systems of Editorial Manager® for quality and quick review processing. Submit your manuscript at
