

OMICS INTERNATIONAL

OMICS International through its Open Access Initiative is committed to make genuine and reliable contributions to the scientific community. OMICS International hosts over **700** leading-edge peer reviewed Open Access Journals and organizes over **1000** International Conferences annually all over the world. OMICS International journals have over **10 million** readers and the fame and success of the same can be attributed to the strong editorial board which contains over **50000** eminent personalities that ensure a rapid, quality and quick review process. OMICS International signed an agreement with more than **1000** International Societies to make healthcare information Open Access.

OMICS Journals are welcoming Submissions

OMICS International welcomes submissions that are original and technically so as to serve both the developing world and developed countries in the best possible way.

OMICS Journals are poised in excellence by publishing high quality research. OMICS International follows an Editorial Manager® System peer review process and boasts of a strong and active editorial board.

Editors and reviewers are experts in their field and provide anonymous, unbiased and detailed reviews of all submissions. The journal gives the options of multiple language translations for all the articles and all archived articles are available in HTML, XML, PDF and audio formats. Also, all the published articles are archived in repositories and indexing services like DOAJ, CAS, Google Scholar, Scientific Commons, Index Copernicus, EBSCO, HINARI and GALE.

Liang Cheng

Professor

Department of Pathology and Urology
Indiana University School of Medicine

USA

Biography

Open Access

Dr. Liang Cheng is Professor of Pathology and Urology at the Indiana University School of Medicine, Indianapolis, Indiana, USA. Currently, he is the Chief of the Genitourinary Pathology Service, Director of the Urologic Pathology Fellowship, and Director of Molecular Diagnostics and Molecular Pathology Laboratories. Dr. Cheng is board certified in Molecular Genetic Pathology and Anatomic and Clinical Pathology by the American Board of Pathology. Dr. Cheng graduated from Beijing Medical University. Dr. Cheng completed his pathology residency at Case Western Reserve University, Cleveland, Ohio and his fellowship at the Mayo Clinic, Rochester, Minnesota in 1998. Dr. Cheng has received numerous prestigious awards including the Stowell-Orbison Award from the United States and Canadian Academy of Pathology (USCAP) and the Koss Medal Award from the International Society of Urological Pathology (ISUP). In 2006, he was the Arthur Purdy Stout Prize recipient from the Arthur Purdy Stout Society of Surgical Pathologists. Dr. Cheng has published more than 500 peer-reviewed articles in high-impact scientific journals and established a record for the greatest number of abstract presentations (36) in the history of the United States and Canadian Academy of Pathology (USCAP), accounting for 2.3% (36/1551) of total abstracts accepted in the 2004 annual meeting in Vancouver. He was also the author of over 50 book chapters and several books, including “Molecular Genetic Pathology”, “Essentials of Anatomic Pathology”, “Urologic Surgical Pathology”, “Bladder Pathology”, and “Atlas of Genitourinary Pathology”. Currently, he is an active member of over 25 editorial boards, including Molecular Cancer, European Journal of Cancer, American Journal of Surgical Pathology, Modern Pathology, Human Pathology, Journal of Clinical Pathology, Future Oncology, Urologic Oncology, Expert Review of Anticancer Therapy, Critical Review Hematology Oncology. Dr. Cheng’s research focuses on molecular genetics and biological predictors of genitourinary cancers.
