

OMICS INTERNATIONAL

OMICS International through its Open Access Initiative is committed to make genuine and reliable contributions to the scientific community. OMICS International hosts over **700** leading-edge peer reviewed Open Access Journals and organizes over **1000** International Conferences annually all over the world. OMICS International journals have over **10 million** readers and the fame and success of the same can be attributed to the strong editorial board which contains over **50000** eminent personalities that ensure a rapid, quality and quick review process. OMICS International signed an agreement with more than **1000** International Societies to make healthcare information Open Access.

OMICS Journals are welcoming Submissions

OMICS International welcomes submissions that are original and technically so as to serve both the developing world and developed countries in the best possible way.

OMICS Journals are poised in excellence by publishing high quality research. OMICS International follows an Editorial Manager® System peer review process and boasts of a strong and active editorial board.

Editors and reviewers are experts in their field and provide anonymous, unbiased and detailed reviews of all submissions. The journal gives the options of multiple language translations for all the articles and all archived articles are available in HTML, XML, PDF and audio formats. Also, all the published articles are archived in repositories and indexing services like DOAJ, CAS, Google Scholar, Scientific Commons, Index Copernicus, EBSCO, HINARI and GALE.

Open Access

Biography:

Dr. Pasqualetti holds academic degrees from the University of California (Berkeley), Louisiana State University (Baton Rouge), and the University of California (Riverside). Since 1972 he has focused his research, teaching and writing on four energy topics: renewable energy, societal costs of energy, energy security, and energy landscapes. On these themes he has published about 90 articles and chapters, plus five books. He was twice appointed Chairman of the Arizona Solar Energy Advisory Council by the Governor of Arizona, received a “Lifetime Achievement Award” from the Renewable Energy Task Force, and was voted “Environmental Educator of the Year” by the Arizona chapter of the Association of Energy Engineers. He is an Associate Member of the National Wind Coordinating Collaborative and has served as an advisor to the U.S. Department of Energy, the National Academy of Sciences, the U.S. Office of Technology Assessment, and other agencies and NGOs.

Journal of Fundamentals of Renewable Energy and Applications

Open Access

Research Interest:

- Alternative Energy (solar, geothermal, wind)
- The Water/Energy Nexus
- Energy and Environment
- Border Environments of Canada and Mexico

Journal of Fundamentals of Renewable Energy and Applications Related Journals

- International Journal of Waste Resources
- Hydrology: Current Research
- Innovative Energy & Research
- Advances in Recycling & Waste Management
- Journal of Nuclear Energy Science & Power Generation Technology

Journal of Fundamentals of Renewable Energy and Applications Related Conferences

- 2nd International Congress and Expo on Biofuels & Bioenergy
- Global Energy Summit & Expo

OMICS International Open Access Membership

OMICS International Open Access Membership enables academic and research institutions, funders and corporations to actively encourage open access in scholarly communication and the dissemination of research published by their authors.
