OMICS INTERNATIONAL

OMICS International through its Open Access Initiative is committed to make genuine and reliable contributions to the scientific community. OMICS International hosts over **700** leading-edge peer reviewed Open Access Journals and organizes over **1000** International Conferences annually all over the world. OMICS International journals have over **10 million** readers and the fame and success of the same can be attributed to the strong editorial board which contains over **50000** eminent personalities that ensure a rapid, quality and quick review process. OMICS International signed an agreement with more than **1000** International Societies to make healthcare information Open Access.

OMICS Journals are welcoming Submissions

OMICS International welcomes submissions that are original and technically so as to serve both the developing world and developed countries in the best possible way.

OMICS Journals are poised in excellence by publishing high quality research. OMICS International follows an Editorial Manager® System peer review process and boasts of a strong and active editorial board.

Editors and reviewers are experts in their field and provide anonymous, unbiased and detailed reviews of all submissions.

The journal gives the options of multiple language translations for all the articles and all archived articles are available in HTML, XML, PDF and audio formats. Also, all the published articles are archived in repositories and indexing services like DOAJ, CAS, Google Scholar, Scientific Commons, Index Copernicus, EBSCO, HINARI and GALE.

Air & Water Borne Diseases

Open Access

ISSN: 2167-7719

- Mona research interest include diagnosis of air and water born diseases caused by viral and bacterial agents by molecular techniques as qualitative polymerase chain reaction, enzyme linked immunosorbent assay and tissue culture.

Air & Water Borne Diseases

Open Access

ISSN: 2167-7719

Publications

Detection of cambylobacter spp. in stool samples by new methods in comparison to culture

Mona Z Zaghloul, Naglaa Farouk and Zeinab Ali Galal

Coinfection of Rotavirus Group A, Norovirus and Adenovirus in Egyptian Children with Gastroenteritis.

Mona Z. Zaghloul, Samia F. El-Sahn and Zeinab A. Galal

Human coronavirus NL63 in children with acute upper respiratory tract infection by reverse transcription polymerase chain reaction (RT-PCR)

Samia F El- Sahn[1], Mona Z Zaghloul[2], Zeinab A Galal[2], May El-Attar[3], and Ahmed Nafea[3]

Journal of Air & Water Borne Diseases Related Journals

- Journal of Bacteriology & Parasitology
- Journal of Medical Microbiology & Diagnosis
- Journal of Microbial & Biochemical Technology
- Journal of Plant Pathology & Microbiology
- Journal of Vaccines & Vaccination

Journal of Air & Water Borne Diseases Related Conferences

- Allergy Conference
- 4th Bacteriology and Infectious Diseases Conference
- 2nd Infectious Diseases Congress

OMICS International Open Access Membership

OMICS International Open Access Membership enables academic and research institutions, funders and corporations to actively encourage open access in scholarly communication and the dissemination of research published by their authors.
