

OMICS INTERNATIONAL

OMICS Group International through its Open Access Initiative is committed to make genuine and reliable contributions to the scientific community. OMICS Group signed an agreement with more than 1000 International Societies to make healthcare information Open Access.

OMICS Journals are welcoming Submissions

OMICS International welcomes submissions that are original and technically so as to serve both the developing world and developed countries in the best possible way.

OMICS International Journals are poised in excellence by publishing high quality research. OMICS Group follows an Editorial Manager® System peer review process and boasts of a strong and active editorial board.

Editors and reviewers are experts in their field and provide anonymous, unbiased and detailed reviews of all submissions. The journal gives the options of multiple language translations for all the articles and all archived articles are available in HTML, XML, PDF and audio formats. Also, all the published articles are archived in repositories and indexing services like DOAJ, CAS, Google Scholar, Scientific Commons, Index Copernicus, EBSCO, HINARI and GALE.

Salman M. Saadeh (professor of inorganic chemistry) received his PhD degree in inorganic chemistry in 1992 from University of Michigan- Ann Arbor, USA. The main goal of research is preparation of ligands and their complexes with some metals such as copper, chromium and environmentally effective metals such as lead and utilization in fabrication of ion selective electrodes. Macromolecules: synthesis and characterization. He has published over 32 peer reviewed papers in international journals.

Research Interests

- Bioinorganic chemistry of manganese and development of complexes as models for manganese enzymes. Preparation of ligands and their complexes with some metals such as copper, chromium and environmentally effective metals such as lead and utilization in fabrication of ion selective electrodes. Macromolecules: synthesis and characterization.

Awards:

|---------------------------------------|------|
| The Islamic University research award | 2001 |
| The Islamic University research award | 2004 |

Activities:

- 1- Member of testing committee for **11 M. Sc. Theses**- alAzhar University- Gaza
- 2- Member of the committee for the web site- Faculty of Science- The Islamic University- 2005
- 3- Member of the committee for development and project planning- Faculty of Science- The Islamic University 2005
- 4- Member of the organization committee for the first international science conference at IUG- 2005.
5. MSc student graduated under my superviosn " Lead(II) complexes with some SNO and ONO tridentate Schiff base ligands and their evaluation as lead(II) sensors" submitted by Baha Kh.Daher.
6. Award of the best master thesis submitted to the Chemistry Department.2011
7. Award of the best undergraduate research submitted to the Chemistry Department.2011 and 2012
- 8- Reviewer for some of international Journals

Conferences

1. Palestinian Chemical Society conferences

Scientific days at the Chemistry Department in IUG

International Science Conference I, Islamic University- Gaza, 2005

International Science Conferences II, Islamic University- Gaza, 2007

International Science Conference, alQuds University, 2008.

The Second International Conference of Applied Science and Natural (ICNAS-2).

Al-Aqsa University-Gaza, May 30-31, 2011

The Fourth International Conference of Science & Development. Islamic University- Gaza, November 22-23, 2011

The Second International Conference on Basic and Applied Science Al Azhar University- Gaza, October, 9-11, 2012.

The VII. Palestinian International Chemistry Conference, Birzeit University, Palestine, 23-24, March 2013
