Young Research Forum**Open Access**

Young Scientist Awards: 10th International Conference on Environment and Climate Change.

Mafi Mojtaba*Medical Doctor, Medicine, Tehran University of Medical Sciences, Iran, E-mail: Mafi.mojtaba@gmail.com*

The Young Researchers Forum offers young researchers the possibility to meet and discuss research topics and methodologies, share and develop ideas, learn from each other and gain knowledge from senior researchers.

Climate Change Congress 2020 invites research scholars & young scientists, to submit the nominations for Young Scientist Awards: Climate Change Congress 2020. This Climate Change Congress 2020 Young Scientist Awards will be announced at the upcoming 10th International Conference on Environment and Climate Change September 21-22, 2020 Abu Dhabi, UAE

Young Researcher Sessions are organized at the Climate Change Congress 2020, to provide a unique platform for Young Researchers/Investigators for presenting latest research projects with an in-depth analysis. Conference Series LLC Ltd cordially invites Young Researchers from Universities/Institutes/Industries to present a short oral presentation during the forum. These oral presentations should be of 10 minutes duration in related scientific track followed by 5 minutes question hour. Therefore, presenters are encouraged to give comprehensive and dynamic talks. Applications will be selected based on past research productivity and future promise.

This Young Scientist Award is an initiative of Conference Series to recognize and provide incentives to the Young Researchers who has shown a great potential at their respective field of research. We at Conference Series always encourage the young budding minds to start their career in the field of Research and Innovations. The core of our Young Research Forum – Young Scientist Awards is to motivate the scholars to present their research ideas in front of the global experts and enhance their knowledge at our international platform. We at Climate Change Congress 2020 provide the best networking experience to the participant for their overall professional growth and to promote the collaborative research.

About Conference Series:

Conference Series LLC LTD is an open resource platform that conducts 3000+ global events including International Conferences, Workshops, Symposia, Trade Shows, Exhibitions and Science Congresses in all the major scientific disciplines, including Clinical, Medical, and pharmaceutical, Engineering, Technology, Business Management and Life Sciences across America, Europe, The Middle East, and Asia Pacific. It is reaching over 25 million researchers, scholars, students, professionals and corporate entities all over the globe.

We encourage our authors and conference participants through research and travel grants, young research awards and provide assistance in career development and research guidance through 1000+ collaborations with NGOs, scientific and academic agencies, institutions that have signed with us.

About Conference:

Climate Change Congress 2020 provides a great platform to explore concepts with topics that Climate Change and Health, Biodiversity and Climate Change, Environmental Sustainability and Development, Ocean and Climate Change, Climate and Coastal Stressor, Renewable Energy, Greenwashing, Carbon Cycle and Carbon Footprint, Trade and Climate Change Policies, Climate Changing Cloud Heights, Climate Change Risk, Policy, and Law, Endangered Species and forestry, Space Monitoring of Climate Variable, Vital Signs of the Planet, Causes and Effects of Climate Change, Control Climate Change, Recycling. The theme of the conference is "Climate Change: The Real Issue in Today's Generation". We welcome all the Environmental engineers, All Specialists, Climatologists, researchers, Chemical engineers and students and delegates to take part in the meeting to share views and knowledge through keynote, poster and video discussions in the field of Environment and climate change. This conference provides an excellent opportunity to discuss the latest developments and challenges within the field.

Journal of Earth Science & Climatic Change

Eligibility criteria for Young Scientist Awards: Climate Change Congress 2020:

Climate Change Congress 2020: Young Scientist Awards: is for all young Researchers, Research Scholars (Preferably PhD, Post Doc, and Post Graduates & Graduates) who has involved themselves into the R&D sector. The candidates should have minimum 3+ years of Research experience and published minimum 3 research articles in international journals. Part time researchers can be considered subject to recommended by the research guide or any director level designated person from the organization.

Benefits:

- Showcase your research through oral presentations.
- Learn about career development and the latest research tools and technologies in your field.
- This forum will give pertinent and timely information to those who conduct research and those who use and benefit from research.
- Develop a foundation for collaboration among young researchers.
- The forum will provide an opportunity for collegial interaction with other young investigators and established senior investigators across the globe.
- Interact and share ideas with both peers and mentors.
- Opportunity for young researchers to learn about the research areas of their peers to increase their capacity as multidisciplinary researchers.
- Actively distribute information and promote the benefits of education and career matters.

NOTE: Applications are invited on first come first basis. Only 25 nominations are accepted globally.

Basis for Judging:

Nominated candidates need to present their research or talk for 25-30 minutes in front of the panel members.

Subject should be under the scope of the Climate Change Congress 2020 Conference. Selection will be on the basis of individual accomplishments, quality & standards of research, Nobel thought, Research methodology, innovative ideas, style of presentation, Significance of the contribution to the field, originality, clarity, and future extended scope of the research and probability of bring the research in terms of products/services into public domain.

Nomination:

We invite online applications from desired candidates, self-nomination or nominated by organizations (both private & public sectors) Research guide. The student must be the first author & the student's advisor should attach a statement that their contribution is primarily advisory.

Candidates applying for the Climate Change Congress 2020: Young Researcher Award should send their resume, along with a letter of recommendation (from a research adviser / faculty/ Organization heads) to environment@memeetings.com along with the online application at the Climate Change Congress 2020 Award: page.

Presentation:

This award will be presented at Abu Dhabi during Climate Change Congress 2020: Conference.

Prize:

- We will recognize the awardee(s) with a memento, & Certificate of Appreciation followed by special incentive for the next chapter of the conference.
- The prize-winning papers will be considered for publication in the supporting journals subjected to standard review procedures
- Opportunity will be given to be Student ambassador for the subsequent future conferences.
