

11th World Congress on Plastic, Aesthetic and Reconstructive Surgery December 02-03, 2020 | Osaka, Japan

“Innovation, Initiation and Implementation in Plastic Surgery”

Alena Clancy

Lagos University, London, E-mail: alenaclancy143@gmail.com

We would like to bring to your notice that we have organizing the **11th World Congress on Plastic, Aesthetic and Reconstructive Surgery to December 02-03, 2020** due to the current pandemic all over the world. **10th World Congress on Plastic, Aesthetic and Reconstructive Surgery** facilitated by the Allied Academies, during November 18-19, 2019 in Rome, Italy with the subject "Innovations, Outcomes and New Technologies in Plastic, Aesthetic and Reconstructive Surgery", was effectively finished and Speakers shared most recent and energizing developments in every aspect of Cell biology. We expand our warm wishes for the Editorial Board Members of Journals just as from the Scientists, Doctors, Professors, Researchers and Students from the fields of Stem cells and Regenerative Medicine who had made this meeting an immense achievement.

Plastic Surgery Summit 2020 included two days of introductions from the prominent characters from everywhere throughout the globe whose examination zone is mostly centered around plastic Surgery. Speakers investigated their exploration work and found the idea and topic of the gathering extremely fascinating. The wide scope of subjects allowed participants to find out about each part of Surgery's. With the constructive input from the OCM's, Speakers and other prominent characters for Plastic Surgery 2020 meeting, we might want to report the beginning of the "**11th World Congress on Plastic, Aesthetic and Reconstructive Surgery**" which is held during **December 02-03, 2020**.

We are thankful to our Organizing Committee Members for their liberal help and proposals for the gathering.

- **Payam Maneschi**, Private Practice, Stuttgart, Germany, Stuttgart
- **Quratulain Fatima Masood**, national university of Science and Technology

Coordinators of Allied Academies had taken the fantastic benefit of congratulating the Organizing Committee Members and Keynote Speakers who had gone to Plastic Surgery Summit 2020 and upheld for the accomplishment of this occasion and we trust Plastic Surgery Summit 2020 will likewise turn into a terrific achievement.

The theme of the conference is "**Innovation, Initiation and Implementation in Plastic Surgery**" which centers on different respiratory issue. This gathering is going to cover the whole field identified with Plastic Surgery research, Scientists and instructors. Our Conference can survey the significant occasion in creating, overhauling and instructing Aesthetic Surgery, Reconstructive Surgery and many more.
