

## 2020 Announcement of Annual Congress on Oral Care & Dentistry September 16-17, 2020 Tokyo, Japan

Dr. R. Sankpal

Professor, Dental & Prosthetics Surgery, Smile Hospital, India, E-mail: [drssankpal@gmail.com](mailto:drssankpal@gmail.com)

[Dentistry](#) is a branch of medicine that consists of the study, diagnosis, prevention and treatment of oral disease, including diseases of the teeth and supporting structures and diseases of the soft tissues of the mouth. It can also encompass the treatment and correction of the jaws, misalignment of the teeth, and birth anomalies of the oral cavity such as cleft palate. Dental treatments are carried out by dental team i.e. dentists, which often consists of a dentist and dental auxiliaries. The majority of dental treatments are administered to prevent or treat the two most common oral health concerns which are dental caries and periodontal disease.

The 40th World Dental Science and Oral Health Congress is a successful completion, during August 21-22, 2019 in Singapore. The conference was initiated with the Honorable presence of:

- Title: Comparative assessment of pH and ion diffusion rates from three different cavity liners Vanishree, SEGi University, Malaysia
- Title: Evaluation of herbal preparation in management of oral submucous fibrosis

Annual Congress on [Oral care and Dentistry](#) which is going to be held in September 16-17, 2020 at Tokyo, Japan. Dental Meeting 2020 is a wonderful platform for analysis students, Students, New Researchers, Tutors, [Dentists](#), Surgeons, Technicians, Medical Entrepreneurs to bring out their novel ideas, latest Innovations and considerations in the field of dental medicine and to exchange their Ideology and Researches on [Dental](#) and Dental Education. Dental Meeting 2020 aims to pile up leading educational Scientists, analyzers and Research students to exchange and share their experiences and analysis results on all aspects of dental medicine.

Conference series is glad to announce Annual Congress on Oral Care & Dentistry and the event is enlightened with the theme “**Highlighting the New Techniques in Dentistry and Oral Care**”. Dental Treatments is the premier international forum to present and discuss progress in

research, development, standards, and applications of the topics related to the dentistry. **Oral care and Dentistry 2020** will offer high-quality technical activities including research sessions, poster sessions, workshops, tutorials.
