University Doctor of Physical Therapy Program USA, **Tomasz Karski**, Vincent Pol University Poland, **Silvia Ross**, S Ross Nutrition LLC USA, it provided a platform for collaboration among colleagues, vendors, and academia to reveal new innovations, solutions, ideas, and emerging technologies in Physiotherapy.

The global physiotherapy equipment market size was valued at USD 18.6 billion in 2018 and is estimated to expand at a CAGR of 7.3% over the forecast period. Increasing cases of road accidents and injuries are expected to be the key driving factors for the market growth. Moreover, unhealthy eating habits and hectic lifestyles resulting in pain in the ligaments, nerves, muscles, back, and neck and increasing prevalence of stroke & Parkinson's disease are likely to drive the market further. Technological advancements and innovations by major companies are also expected to increase product demand, thereby augmenting market growth.

Global [Novel Physiotherapies](#) going to be held during September 21-22, 2020 at various cities in Europe (London, Barcelona, Madrid, Valencia, Rome, Milan, Berlin, Frankfurt, Vienna, Zurich, Dublin, Edinburgh.... And Many More!!!!)
