

2020 Conference Announcement of 32nd European Pediatrics Congress

Maria Bertha Romo Almanza

Head of the Intensive Care Unit, Guadalupe Victoria Maternity Hospital, Mexico, E-mail: betyca5@hotmail.com

[Conference Series LLC Ltd.](#) organizes around 3000+ global events including international conferences, trade shows, symposia, workshops, exhibitions, and science congresses in all the major scientific disciplines, including medical, clinical, engineering, pharmaceutical, technology, business management & life sciences globally. Our conference website is a display to discover the research proposal of the researchers from under developing nations.

Conference Series is conducting several Pediatric events globally which focuses primarily on Child Healthcare, Neonatology, Primary Care, [Clinical Pediatrics](#) & Pediatric Cardiology. These pediatrics conferences witness researchers, academic professors, pharmacists, physicians & surgeons who endeavour to disseminate their research experience to escalate the forthcoming research ideas.

After a successful meet of Euro Pediatrics 2020 held during October 14-15, 2019 at Amsterdam, Netherlands we announce "32nd European Pediatrics Congress" to be held at Florence, Italy to be held during July 22-23, 2020 working under the Theme: 'New Insights for Preventive care and Better Health of a Child.'

The main aim of Euro Pediatrics 2020 Conferences is to discuss the recent approaches/advancements and challenges faced in relevant to child healthcare and medicine, topics include pediatric cardiology, pediatric endocrinology, [autism](#), child nutrition & development, pediatric psychology, pediatric rehabilitation, pediatric emergency medicine, neonatology, clinical case reports, child abuse & prevention, breast feeding etc., Undoubtedly the member at this pediatrics conference will have the ability to trade with the finest specialists in the power and will arrival home with the broad learning.

According to the report, the worldwide market for pediatrics & childcare hardware is relied upon to see a solid development somewhere in the range of 2017 and 2024. The worldwide neonatal baby care gear market is

anticipated to reach US\$ 2,686.7 million income towards the finish of 2024.
