

## 2020 Conference Awards for Digital Pathology 2020

**Svetlana Silverman**

Associate Clinical Professor Department of Laboratory Medicine & Pathology, E-mail: [sveta@ualberta.ca](mailto:sveta@ualberta.ca)

To support and encourage the scientific and techno researchers to march forward with their research work, Conference Series has started with various awards during the summit. Global Digital pathology Summit conference offers various awards as reorganization to exceptional researcher and their research work. We invite all enthusiastic researchers from all around the world join us for the Digital Pathology 2020 scheduled in Paris, France on September 24-25, 2020.

The pathology is the investigation of infection by and large, fusing an extensive variety of natural science inquiry about divisions and therapeutic fields which incorporates plant pathology and veterinary pathology or all the more particularly it is to depict work inside the contemporary medicinal field of "general pathology," which incorporates the analyse of a specific sickness—by and large through examination of tissue, cell, and body liquid examples. The medico honing pathology is known as a pathologist. The real divisions of pathology are anatomical pathology and clinical pathology.

Digital pathology is a dynamic, image-based information environment that enables the acquisition, management, sharing and interpretation of pathology information including slides and data in a digital environment. Digital slides are created when glass slides are captured with a scanning device, to provide a high-resolution image that can be viewed on a computer screen or mobile device.

### Expert Level:

Digital Pathology 2020 will confer the Expert Level Award to the researchers who have spent a considerable time of their academic life towards the research related to conference topic. Expert Level award is for the researchers/speakers who have done all the hard work behind the scene. It will be a small clap for their dedication and hard work. The recipients of the awards are generally experts who have almost spent 15+ years in the research towards the Pathology.

### Professional Level:

Digital Pathology 2020 will bestow Professional Level award to those researchers who have made significant contribution towards the conference topic during their

research period as well as presented the research topic in an impressive way in the oral presentation during the summit. It will be an apt appreciation from the Jury as well as from the delegates. The award they receive will motivate them to march forward with the research work.

### Scholar Level:

Digital Pathology 2020 offers Scholar Level Award for the upcoming scientists, researchers and experts having at least 5years research experience in the field of Pathology. Our conference will provide best platform to expand your network by sharing your research knowledge at the summit. Presentation includes 25-30 minutes of oral talk on the scientific research topics based on the theme of the conference along with 5 minutes panel discussions.

### WOMEN:

Digital Pathology 2020 provides a unique platform for women researchers for presenting latest research projects with an in-depth analysis. We create a great environment for women scholars and scientists to who have research experience to join the forum. We are glad to inspire our women scientist's participation through research awards and provide assistance for women scholars in career development and research guidance through our collaborations.

### Outstanding Speaker:

Digital Pathology 2020 will take this opportunity to facilitate eminent experts from this field with relevant experience for their phenomenal contribution towards the topic through their academic research. This will be a trivial but significant reorganization of their dedication and discipline.

### Outstanding Masters/Ph.D./Post Doctorate thesis work:

The purpose of this Award during the Digital Pathology 2020 is to appreciate research work of the budding young researcher who is continuing their research work to create a better society. The award will provide them a tremendous amount of encouragement to keep moving forward.

---

**Best Poster Presentation:**

The educative poster award for the Digital Pathology 2020 will be endorsement for those who wishes to display their research paper through a poster and will act as a guiding force those researchers. The award will be presented to the most informative and educative research poster.
