

20th World Conference on Environmental Toxicology and Pharmacology was scheduled during August 19-20, 2020 at Tokyo, Japan

Javier

Associate professor, Department of Toxicology, Complutense University, Spain, E-mail: javierdp012@gmail.com

The conference “**18th Global Summit on Environmental Toxicology and Pharmacology**” hosted by the Conference Series was held during **September 17-18, 2018 at Singapore** with the theme “To Converse Solutions to Toxic Ecosystem” offered a unique opportunity for investigators across the globe to meet, network, and perceive new scientific innovations. Benevolent response was received from scientists, doctors, professors, nursing lecturers, nurses, pharmaceutical industries, healthcare industries, researchers and students from the fields of toxicology, those who involved in this successful event.

The conference was initiated with the honorable presence of the Keynote forum. The list includes:

- **Title:** Retinoic Acid Protects Zebra fish Retinal Photoreceptor Cells from the Toxicity of Paclitaxel

Wen-Der Wang, National Chiayi University, Taiwan

- **Title:** Clinical Profile of Patients Presenting to a Tertiary Hospital with Mushroom Poisoning in North East India - A Retrospective Study

Iadarilang Tiewsoh, North Eastern Indira Gandhi Regional Institute of Medical Sciences, India

Conference Series is organizing “**20th World Conference on Environmental Toxicology and Pharmacology**” during **August 19-20, 2020 at Tokyo, Japan** which includes prompt keynote presentations, oral talks, video presentations, poster presentations, workshop and exhibitions. The EnviTox Summit 2020 scientific program paves a way to gather latest information through the research talks and presentations and put forward many thought provoking strategies in the meeting.

The scientific program will focus on current advances in the research and leading strategies in environmental toxicology and pharmacology and its development with a theme “*Accelerations and Decelerations in Environmental Toxicology*”.

In addition, attendees will enjoy special events and lecturers featuring specialists and top scholars. It is a perfect platform for pharmacy educators, practitioners and researchers to exchange & share their experiences, research findings about all aspects of environmental toxicology, ecotoxicology, risk assessment and pharmacology.

The next series of conference organize by Conference Series is **20th World Conference on Environmental Toxicology and Pharmacology** which is going to be held during **August 19-20, 2020 at Tokyo, Japan**. The Theme of the conference is Accelerations and Decelerations in Environmental Toxicology.
