

24th International Conference on Global Nursing Education & Research

Dr. Anny Dionne

Associate Dean, Emergency Department Leader Expert, Aspen University, Miami, Florida, E-mail: ted_dy19@hotmail.com

24th International Conference on [Global Nursing Education & Research](#) will be held from August 24-25, 2020 at Kyoto, [Japan](#). [Nursing Education Summit 2020](#) is based on the theme “Integrating the Milestones in Nursing and Healthcare”.

[Nursing Education Summit 2020](#) will gather healthcare practitioners, professors, research fellows, students and Professionals working in the sector of Nursing and other allied fields including vendors or suppliers of nursing equipment, materials, electronic devices, diagnostic devices and representatives from Pharma companies associated with healthcare. [Nursing Education Summit 2020](#) will be gathering hospitals, academia and industry in a single platform.

Nursing Education Conference will focus on educational research directed toward its impact on clinical outcomes, through oral and poster presentations, educational workshop sessions, and influential plenary presentations. Attendees will be provided with the tools to enhance nursing education programs to make education more effective in nursing practice.

Conference will focus on the following topics during presentations of the two days event, which reflect current education research, developments and innovations internationally and as evidenced in both Nurse Education and Evidence Based Practice.

Benefits of Nursing Research

Nurses with advanced research skills can continue to advocate and care for patients by designing and assisting with scientific studies. The findings have positive and immediate effects on different populations, including minorities, school-aged children and the elderly. Nursing research provides an opportunity for nurses to use their scientific skills while continuing to serve the immediate needs of their patient

The [Nursing Education Conference](#) is a platform for nursing students, faculty, deans, researchers, and leaders to collaborate on topics affecting nursing education. Attendees can:

Take advantage of opportunities to learn about [nursing education research](#) from a variety of oral and poster presentations. Meet and network with nurses ranging from students to deans, faculty, and researchers. Take advantage of opportunities to collaborate with nurses from around the world. Attend prominent plenary sessions about relevant issues affecting nursing education.

[Nurse Education](#) involves of the theoretical and practical training provided to nurses with the purpose to prepare them for their duties as nursing care professionals. This education is provided to nursing students by experienced nurses and other medical professionals who have qualified or experienced for educational tasks. Most countries offer nurse education courses that can be relevant to general nursing or to specialized areas including mental health nursing, pediatric nursing and post-operative nursing. Nurse education also provides post-qualification courses in specialist subjects within nursing.

Major Scientific sessions: Advanced Practice Nursing | Cardiac Nursing | Clinical Nursing | Community and Family Nursing | Dental Nursing | Dermatology Nursing | Diabetes Nursing | Disaster and Emergency Nursing | Gastroenterology Nursing | Genetic Nursing | Geriatrics and Gerontology Nursing | Mental Health and Psychiatry Nursing | Midwifery Nursing and Women's Health | Nephrology Nursing | Obstetrics and Gynaecology Nursing | Oncology Nursing | Paediatric Nursing | Palliative Care Nursing | Perioperative Nursing | Tele Nursing & Travel Nursing
