35th World Cardiology Conference

Thanks to all of our wonderful speakers, Conference attendees and Exhibitors for making this event a great success. We hope you had a remarkable time there and you all will keep good memories of our conference.

22nd World Cardiology Conference was held during December 11-12, 2017 Rome, Italy. The conference was marked with the attendance of Editorial Board Members of supported Journal of Clinical & Experimental Cardiology, Scientists, young and brilliant researchers, business delegates and talented student communities representing more than 25 countries, who made this conference fruitful and productive.

This conference was based on the theme “*Accelerating Innovations & fostering advances in Cardio Research*” which included the following scientific tracks:

- Clinical Cardiology
- Cardiovascular Diseases
- Vascular Heart Diseases
- Current Research in Cardiology
- Cardiomyopathy & Heart Failure
- Cardiovascular Diseases During Pregnancy
- Interventional Cardiology
- Cardiovascular Surgeries
- Pediatric Cardiology
- Diabetes, Obesity & Stroke
- Device Therapy
- Heart Regeneration
- Cardiac Nursing

- Women and Cardiac Arrhythmia
- Case Reports
- Cardiac Medications
- Angiology & Vascular Surgery
- Cardiothoracic Surgery
- World Cardiology 2017 was moderated by Dr. Ashok Tahilyani (Our Lady of Lourdes Hospital, Drogheda Ireland) on Day-1 and Day-2.

We are thankful to our below Honourable guests for their generous support and suggestions:

- Sergey Suchkov, Sechenov University, Moscow Engineering Physical University (MEPhI) and National Alliance for Translational Medicine, Russian Federation
- Marco Picichè, San Bortolo Hospital, Italy

Various sessions were chaired and co-chaired by:

- Sergey Suchkov, Sechenov University, Moscow Engineering Physical University (MEPhI) and National Alliance for Translational Medicine, Russian Federation
- Marco Picichè, San Bortolo Hospital, Italy
- Manotosh Panja, B.M.Birla Heart Research Centre, India
- Richard N W Hauer, Netherlands Heart Institute, Netherlands

World Cardiology Conferences team has taken the privilege of felicitating World Cardiology 2017 Organizing Committee, Editorial Board Members and Keynote Speakers who supported for the success of this event.

The esteemed guests, Keynote speakers, well-known researchers and delegates shared their innovative research and vast experience through their fabulous presentations at the podium of grand World Cardiology 2017. We are glad to inform that all accepted abstracts for the conference have been published in Journal of Clinical & Experimental Cardiology: Open Access, as a special issue.

We are also obliged to various delegate experts, company representatives and other eminent personalities who supported the conference by facilitating active discussion forums. We sincerely thank the Organizing Committee Members for their gracious presence, support, and assistance. With the unique feedback from the conference, World Cardiology Conferences team would like to announce the commencement of the "29th World

Cardiology Conference" to be held during November 19-20, 2018 Edinburgh, Scotland.
