James Okeya

A.I.C Kijabe hospital, as a critical care nurse-in pediatric ICU. In Nairobi, Kenya, E-mail: jamesorengel1@gmail.com

[Neonatal Nursing 2019](#) provides the perfect platform for all the participants which is an interactive and engaging 2-day event: unique in format, content, networking and engagement. The main theme of Neonatal Nursing 2019 is "[Current Challenges and future innovations in Nursing](#)". Since Neonatal needs are essential for every woman in her life time during child birth and also after, the Neonatal associations are growing worldwide. Bearing a child and giving birth is considered as a boon for every woman, in this process a lot of changes takes place in her body where she has to be aware of to maintain her health. Nurses play a crucial role in educating the women how to put up her health and baby's health. They also help in making the delivery painless, stress less as far as possible. Nurses are the center of attraction in maternity health care. Conference Series LLC Ltd Organizes 1000+ Global Events Every Year across USA, Europe & Asia with support from 1000 more scientific societies and Publishes 700+ Open access journals which contains over 100000 eminent personalities, reputed scientists as editorial board and organizing committee members.

Importance & Scope:

Pharmacy is the health profession that links the health sciences with the chemical sciences, and it is charged with ensuring the safe and effective use of medication. The scope of pharmacy practice includes compounding and dispensing medications, and it also related to more modern services like patient care, including clinical services, reviewing medications for safety and efficacy, and providing drug information.

Well modern pharmacy profession have number of ways to mould the career. They can go for R&D, F&D, Toxicology, Clinical and Preclinical trials and clinical research, Quality control and assurance, IPR, DRA, biopharmaceutics, kinetic studies, marketing, Teaching professional and also in Information technology (as medical writer etc.). A person with pharmacy graduate can also go for Drug inspector,

Government Analyst which are government jobs. So, lot of fields and vacancies are available for Pharmacy graduates.

Recently, Economic recession is not affected to any pharmaceutical industry. This is because demand of drugs will not suppress ever. Lot of new problems regarding health and sanitation are arising day by day. Lot of work is there for pharmacist to take care of public sector.

Pharm.D is introduced in India from October 2008. It will definitely be going to enhance the scope of pharmacy and make them registered globally.

From here, you will come to know that future of pharmacy is very bright and growth rate is exponentially increase year by year.
