

Awards 2020- 2nd International Conference on Green Energy, May 07-08, 2020 | Zagreb, Croatia

Nabeel Al-Rawahi

Professor, Department of Mechanical and Industrial Engineering (MIE), Sultan Qaboos University, Oman, E-mail: alrawahi@squ.edu.om

The “International Conference on Green Energy” ([Green Energy 2019](#)) has been organized during April 01-02, 2019 at Amsterdam, Netherlands with a theme “Renewable Energy & Emerging Technologies.” was a great success where eminent Keynote Speakers from various reputed institutions with their presence addressed the gathering to strengthen the future of Green Energy

- Energy Storage
- Future Challenges
- Geothermal
- Hybrid Renewable Energy Sources
- Hydrogen Energy
- Hydro Power
- Ocean & Marine Energy
- Photovoltaic

We gratefully express thanks to all our delightful Speakers, Session Attendees, Scholars, Media Partners, Associations and Exhibitors for making Green Energy 2019 Conference the best ever. Energetic involvement and generous answer was expected from the Organizing Committee Members, Editorial Board Members of Journals as well as from Eminent Researchers, Talented Researchers, Speakers and Young Student Community.

The two day program witnessed thought provoking keynote and plenary demonstrations from experts in the field of [Environmental Science](#), highlighting the theme, “Exploring Future Advancements in Green Energy” which has encrusted the below scientific sessions:

Conference Highlights

- Green Energy & Solar Energy
- Environmental Engineering
- Sustainable Energy Policies
- Bio Fuel
- Bio Remediation
- Green Economy
- Climate Change & Renewable Energy
- Energy & Environment
- Waste To Energy
- Recycling Renewables
- Tidal Power
- Bio Mass
- Chemical Batteries
- Emerging Technology
- Energy Efficiency
