

Oil is ancient wealth in the ground

Mr Leonardo Franca,

Baker Hughes, Upstream Chemicals, Sugar Land, Texas, Email: leonardo.franca@bakerhughes.com

We are pleased to welcome you to “**Global Oil and Gas Expo**”. The congress is scheduled to happen **on September 29-30, 2020** at the beautiful city of **Osaka, Japan**. This Oil and Gas 2020 conference will give you an exemplary experience and enormous ideas in the research field.

The perspective of the Oil and Gas Conference is to establish research works for people to understand how the treatment techniques get advanced and how the field get emerged in recent years.

The sessions to be discussed in the conference include Oil Formation, Oil Refining, Upstream Processes, Midstream Facilities, Downstream Technologies, Exploration and Production, Petroleum and Petrochemicals, Biofuels and Hydrocarbons, Oil and gas impacts etc.

Oil and Gas 2020 provides a platform for researcher scholars, scientists and academic people to share and globalize their research work while the participants from industry/ business sectors can promote their products thus felicitating dissemination of knowledge. We anticipate more than 300 participants around the globe with thought provoking keynote lectures, oral and poster presentations. The attending delegates include Editorial Board Members of related journals. The scope of [Oil and Gas 2020](#) is to bring the **Future Challenges for Oil and Gas Exploration and Consumption**.

[Oil and Gas 2020](#) will keep abreast of all the latest developments – geopolitical, industrial and technological updates. Throughout the two-day conference, attendees will hear from International leaders on how technology is changing day-to-day business throughout the industry. It provides a unique platform for networking with peers and learning from speakers that are experts in [oil field technology](#).

The people who have missed attending the past Oil and gas 2019 Conference are most welcome to present your research ideas in Oil and Gas 2020. This conference will help you to improve networking with the eminent people in the field of petroleum.

The conference has lots of scientific sessions, workshops, Oral presentation, poster presentation, video presentation, etc.

Make your footprint in the Oil and Gas 2020 to explore the Future Challenges for Oil and Gas Exploration and Consumption at Osaka, Japan.
