

Conferences Announcement on International Conference on Surgery and Anesthesia

Euro Surgery Webinar: It is our great pleasure to invite you to participate in the 15th International Conference on Surgery and Anesthesia which is an Online Webinar which will take place during 10-11 August 2020. The dedicated webinar theme is: Discovering the new possibilities and Innovations in Surgery and Anesthesia. The purpose of the webinar is to bring together surgeons, nutritionists, neonatologists, experts in child development and other specialists to discuss the challenges of the interplay between Nutrition, Neonatology and Pediatrics in the pediatric age groups. This meeting will enable exchange of ideas and knowledge between different disciplines for facilitating research and clinical interdisciplinary collaborations focusing on surgery and anesthesia. Let's join hands for the future of this world, for the Next-gen of mankind, for the prospective and collective efforts to change what is within our reach and means. Our collaborative efforts have the power to change the destiny of those tiny little kids who look up to us, Pediatricians, Neonatologists, Nutritionists, surgeons and all of us who deal and interact with children.

Our Organizing Committee includes Renowned Scientists, Researchers and Experts in the fields such as Emily Brockbank, UK, Gwentyth Fischer, USA, Nathalie Rivard, USA, Patrick Pladys, France, ROBERT E Cilley, USA, Stephane Bolduc, Canada. By seeking suggestions from our committee members Pediatric Nutrition 2020 webinar is been designed with 15 sessions which comprises of all topics in the field of Surgery and Anesthesia. All the submission towards surgery webinar are rigorously peer reviewed to ensure to accept high quality submissions by the committee members who are well experienced in their field and from various countries around the globe.

If you are looking for a global exposure for your novel research ideas and services, then this webinar would be the right place for you. As we are one of the world's leading specialist in organizing scientific conferences, workshops, symposia and exhibitions Internationally in different fields like Medical, Pharma, Engineering, Science, Technology and Business attracting more than 25 Million+ Visitors, 25000+ unique visitors per conference and 70000+ page views for every individual conference would help in quantifying our presenters research and biography visibility to the online communities and get recognized worldwide. As we're seeing the impact of COVID-19 (Coronavirus) across healthcare globally. In

this webinar various eminent personalities will be sharing their clinical expertise, and professional insights about COVID-19 as well as about neonatal pediatric nutrition research to provide you with recommendations to optimally manage the Euro Surgery Webinar of these neonatal patients.
