

Cusack on Jurisprudence

Paul Cusack*

Department of Science, University of Prince Edward Island Faculty of Medicine, Prince Edward Island, Canada

Description

My. How far we have fallen. We are in a state where boys and girls don't know if they are boys or girls. We have an organized society that thinks it needs gus to operate. Reminds me of a "perpetual war of all against all!". We have young and old women who proclaim that they have the right to murder their own baby out of convenience and the state should pay for it mind you.

We have a society here in Canada that was built on Christina values but now is run by Sikhs. It supposed to be a sign of progress. The religion of Mohammed uses its Worship centers as terrorist enclaves.

On April 16, 2028, the 2000-year-old Catholic Church is headed by an antipope who declares that Priests should bless same sex marriages. A Bishop who disagrees with him gets the boot.

The ancient Greeks and Moses from the Minoans knew of the Golden Mean Parabola. The Greeks set up law and realized that sometimes the natural law is not in harmony with the law of man. We discuss this so called law. It is the GMP.

The GMP is the function that is the solution of mathematics. Mathematics is a mental construct that applies to the physical world of mass. THE human mind is a black box that is governed by the GMP. Beauty is governed by the GMP, (which is why the Greeks had the most beautiful architecture. It was order, not an explosion of a geometry set like modern architecture!) The GMP is:

$$t^{\wedge}t-t-1=E$$

where actions (moral and immoral) are given by the Kinetic Energy formula:

$$t=KE=1/2 Mv^{\wedge}2$$

and

$$M=Ln t$$

$$T=KE=1/2M (9)$$

$$M=0.888=1-1/9$$

Consciousness was established in a previous paper by this author,

$$L=Ln t+c^{\wedge}3$$

$$2=Ln t+27$$

$$t=72$$

$$72^{\wedge}2-72-1=511=Mass \text{ of an electron.}$$

$$t=e^{\wedge}511=1/6=1/evil=Good \text{ and God said that it was good.}$$

The universe is ordered by the mass of an electron. We established in a previous paper that random events are telescopic toward order. The opposite of order is Chaos. Hell is chaos.

$$M=0.888=1-1/c^{\wedge}2$$

$$M=c^{\wedge}2-1/c^{\wedge}2$$

$$Mc^{\wedge}2=c^{-1}$$

$$C^{\wedge}2-Mc^{\wedge}2-1=0 \text{ GMP}$$

$$Mc^{\wedge}2=t$$

$$PE=KE$$

$$Mass=time$$

We know from the Bible (which was begun by Moses and built on by Catholic Theologian Thomas Aquinas) that evil is 666 in numerology. The inverse of evil is good. $1/Evil=Good=1.5$

$$1.5^{\wedge}2-1.5-1=0.25=1/4$$

Even God can't change that $2 \times 2=4$.

Law protects person and property. People have a self-preservation instinct. The human function is the GMP.

Order is necessary if we are to have property. What is the sense of having property if it will be destroyed or stolen? Your n need order. In fact, the Canadian government is supposed to provide peace, order and good government. They failed me on order. Disorder reins since post WWII generations. Drugs proliferate. In fact, they are legal in some places because the government can't police it. There are too many people doing illegal drugs. The schools were filled with drugs in the 1970's. It destroys people s lives.

So in the upcoming elections in the USA and Russia, we have a dictator in Putin-not an election really at all. And we have Trump and Biden. Biden is a Catholic who believes in the murder of the unborn. Trump is a criminal. That's the proceeds of democracy. Both Russia and the USA got rid of their Monarchs.

So what is virtue other than a "good ordered habit"? We know what good is: Anything that is in compliance with the natural law. Order is the opposite of Chaos. The universe is order. Habit is custom. It goes back to the Greeks. Recently modern man has discarded the Bible and with it the Catholic Church as a throwback to the middle ages. Our modern world has become poor, nasty, brutish and short thanks to the protestant deformation (sic). We have professional engineers trained in ethics who declare the rules are there are no rules. That's chaos. The law is supposed to protect person and property. We have professional engineers who think lying is part of doing good business. We have disgruntled employees who declare things they

steal corban: to use in the war against the devil: Catholics. They think nothing of poisoning someone with a chemical that makes someone sterile. That murder. We have governments that back them up in the name of Justice.

“True law is right reason in agreement with Nature; it is of universal application, unchanging and everlasting. It is a sin to try to alter this law. God is the author of this law. Promulgator, and its enforcing Judge. Pg 26. Wacks, R Understanding Jurisprudence 6th ed. Oxford. 2021.

Natural and divine law are governed by the GMP. Civilization was built on the GMP. To discounted is to destroy the fabric of society, especially the West.

Ask yourself what you believe: “Is it every man for himself, or is it we are all in it together?” Jesus who likely knew Astrotheology (GMP) in the Kabbalah, told us that we are all in it together. How can you say you love God whom you can’t see, when you don’t love your neighbour whom you can see? The Gospels are the foundation of Jurisprudence as interpreted by the Catholic Church and the valid Pope. We haven’t had a valid visible pope since pre 1958. Jesus gave the Keys to Peter, the first Pope. What you bind on Earth will be bound in Heaven. What you lose on Earth will be loose in Heaven. All sources of Law come from the Pope. This is the only valid source of law after Jesus. It’s easy when you know!
